

Evening Meeting

Monday, October 29, 2001, 6 p.m. to 9 p.m., State Theater, 1498 Myers Street Oroville, California

Afternoon Meeting

Tuesday, October 30, 2001, 1 p.m. to 4 p.m., Secretary of State Building auditorium, 1500 11th Street Sacramento, California

To help focus discussions, Scoping Document 1 was mailed in September 2001, outlining the subject areas to be addressed in the APEA to the parties on the mailing list. Copies of the SD1 also will be available at the scoping meetings. SD1 may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link—select "Docket #" and follow the instructions (call 202-208-2222 for assistance).

Based on all written comments received, a Scoping Document 2 (SD2) may be issued. SD2 will include a revised list of issues, based on the scoping sessions.

Objectives

At the scoping meetings, the DWR and staff will: (1) Summarize the environmental issues tentatively identified for analysis in the APEA; (2) solicit from the meeting participants all available information, especially quantifiable data, on the resources at issue; (3) encourage statements from experts and the public on issues that should be analyzed in the APEA, including viewpoints in opposition to, or in support of, the collaborative's preliminary views; (4) determine the resource issues to be addressed in the APEA; and (5) identify those issues that require a detailed analysis, as well as those issues that do not require a detailed analysis.

Procedures

The meetings will be recorded by a stenographer and will become part of the formal record of the Commission proceeding on the project.

Individuals, organizations, and agencies with environmental expertise and concerns are encouraged to attend the meetings and to assist DWR in defining and clarifying the issues to be addressed in the APEA.

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Project No. 184-065 (California)]

El Dorado Irrigation District; Notice of Public Meeting

September 26, 2001.

The Federal Energy Regulatory Commission (Commission) is reviewing the application for a new license for the El Dorado Project (FERC No. 184), which was filed on February 22, 2000. The El Dorado Project, licensed to the El Dorado Irrigation District (EID), is located on the South Fork American River, in El Dorado, Alpine, and Amador Counties, California. The project occupies lands of the Eldorado National Forest.

The EID, several state and federal agencies, and several non-governmental agencies have agreed to ask the Commission for time to work collaboratively with a facilitator to resolve certain issues relevant to this proceeding. The purpose of this meeting is to finalize and sign the request to the Commission for time to conduct collaborative discussions and to finalize the protocols by which the collaborative group would operate. We invite the participation of all interested governmental agencies, non-governmental organizations, and the general public in this meeting.

The meeting will be held on Tuesday, October 9, 2001, from 9am until 4pm in the Marriott Sacramento, located at 11211 Point East Drive, Rancho Cordova, California.

For further information, please contact Elizabeth Molloy at (202) 208-0771 or John Mudre at (202) 219-1208.
